# Our Region Ariège-Pyrénées

In the beautiful Pyrenees mountains there is an atmosphere dedicated to nature, to our vision and to our love of the countryside. We welcome all our guests warmly and with open arms where you are able to share unique and unforgettable moments in these magnificent surroundings.

Summer or winter in the Ariège guarantees an authentic atmosphere, where traditions mingle with the values and stories of our ancestors ... The old stones of converted barns and the scent of beautiful and unspoiled nature.

1 TARASCON SUR ARIÈGE  
Both a park and a museum, the park from Prehistory to Tarascon-sur-Ariège is a fun place for all, young or old, to discover the Cro-Magnon life. Spend your day attending workshops, learning to hunt, to paint on the walls, to cut flint or to light a fire like our ancestors 14,000 years ago and even excavate like an archaeologist! A real place you can immerse yourself in to understand prehistory in the Ariège!

3  
Go back in time to the 14th century strolling in the castle of Foix, in the virtual company of Gaston Fébus or act as a count's mercenary by trying your hand at the Crossbow. The visit takes approximately 4 hours - experience via museographic and the castle itself! Ideal for families?

2 VAL DE SOS  
VISIT THE LAMA FARM. Animated visit by a llamero (breeder/trainer of llamas). We will take you into the middle of our herd to observe and feed them, we will share with you the secrets of these animals. Visit our boutique and enjoy our handmade lama wool products. VISIT - WALK WITH THE LAMAS

In the heart of the Nature Sports Station of Montcalm, ... 2 via ferrata routes suitable for everyone. In an exceptional setting of a glacial valley of the Pyrenees, you will practice this leisure activity with family or friends in unspoilt nature above mountain villages. Canyon descent IN ARIÈGE-PYRÉNÉES ... Such a fun adventure! Montcalm Adventure Courses are accessible for young and old from 3 years upwards and last for around 3 hours. A hundred games are in place!

## Our bright ideas

### Montgailhard (23 km)

#### The Forges of Pyrene

In a bucolic setting, a shaded park of 5 hectares, crossed by a river, nestles an unforgettable village.

A village of yesterday but very much alive where trades and tools of the past are taking pride of place. Come and experience a time in history with Philippe (Zéze), Frédo, David, Fabien, the famous blacksmiths, clog maker, baker and basket maker of the site. They lift the veil on the gestures and methods of a bygone era but oh so revolutionary. The museum space and its collection of 6,500 tools completes a visit rich in moments to share.

### Early August

#### Vicdessos

The sound of Mississippi in the heart of the Ariège mountains. Two exceptional evenings not to be missed! We Keep the blues alive !!!!

### Mid August

#### Vicdessos

Montcalm Challenge Friday - Festival activities and children's races.

Saturday - races with the Montcalm Marathon (2 peaks over 3000m) but also the Trail des Novis and the Trail des Mineurs as well as hiking.

A race made by mountain people for mountain people.
